COMING June 2015

Yamaha 110 Hp Four Stroke

Evolution Tenders EVO 10

Following the success of Evolution Tenders M10 jet series the company has announced the release of their Evo series jet tender starting with the Evo 10.

The Evo 10 will feature a fully inflatable tube set coupled with an easy to maintain Yamaha 110hp power plant. The Evo design creates a deep deck for safety yet is only 32" overall in height. The helmsman's wrap around seat provides dual seating at the helm for comfort while the Yamaha power package provides low fuel consumption and extremely quiet operation.

While still in development and scheduled for a June release the Evo 10 will come in just under 10'10" with a 5'6" beam, seating for 4 adults plus gear, a 10 gallon fuel tank and be priced all inclusive at \$34,900. She will feature custom hull, deck and console colors, and choice of 3 tube colors,
